

# CVS500M-A

Multi Camera Controller

**Your Car Vision Model CVS500M-A Multi Camera Controller** has been designed to meet the challenges of today's installation requirements. With a heavy duty steel case and stainless steel mounting plate, it can be placed without concern.

The combination of smart fuse and load dump circuitry protects critical components, while the back lit re-remote control buttons allow for easy visibility at night.

Five camera inputs and multi-screen viewing insure all critical blind spots can be monitored simultaneously, while the integrated active radar component adds an extra margin of safety.

## Specifications

**Power Requirements**  
+11 to +32 VDC

**Power Consumption (1 cam)**  
SB—1.5 Watts, ON—10 Watts

**Shock & Vibration**  
4.5G @ 2000 cpm

**Operating Temp**  
-22° to +158° F

**Weight**  
3.5 lbs

**Dimensions W x H x D**  
9.84" x 3.52" x 5.94"

**Color**  
Black

**Warranty**  
Five Years Parts & Labor

**Options**  
Video I/O Harness,  
Radar Integration

**Compatibility**  
CVD Series Displays,  
CVC Series Cameras (some may  
require an adapter)

## Features Include:

- ✓ External Video In with "Hot Key Activation"
- ✓ Pulse Latching Camera Triggers
- ✓ Momentary Push Button Override
- ✓ Programmable Dwell Cycle Time
- ✓ Programmable Split, Tri and Quad Screens
- ✓ Integrated 2 Channel Radar Capability
- ✓ Programmable Video and Audio Outputs
- ✓ RoHS, FCC and CE Compliant

CVR500-A Remote  
For use with CVS500-A Series  
Controllers

**Quality first for performance that lasts**
