

Tempest Fireco Tower with Intec Video Sentinel System VSS21200

Tempest Fireco Tower Model: CX4103N	
Extended Height:	41'
Retracted Height:	80"
Max top load:	176 lbs.
Number of sections:	Eleven
Base tube diameter:	7.87" (200mm)
Max wind speed:	62 mph @ 742 sq. in.

- Tower features an upper tubular protection cover that keeps dust and water away from the seal rings when in the retracted position.
- An air safety valve for over-pressure and condensation drainage is standard as are water drainage holes to avoid freezing at lower temperatures.
- Pneumatic height extension may be achieved from a manual hand pump system, compressed air supply from chassis air brakes, breathing air system or a small electric air compressor.
- During retraction, an integral pneumatic shock absorption system safely lowers the tower, protecting equipment mounted on the tower.
- Tower requires no routine lubrication. All internal lubrication is performed during assembly and is good for the life of the tower.

Video Sentinel System VSS21200 High Performance Color Zoom Camera System with Monitor for Mast Application

Modular Design – High-performance components designed to meet stringent vehicle based applications. Systems can be tailored to meet customer specifications and budget. Easily upgraded to enhance system performance and capabilities.

High Performance Imaging – True Day/Night color zoom camera with 35X Optical Zoom and Electronic Image Stabilization combined with High Performance Thermal Imaging Detector.

Fully Integrated Operation – All weather camera assembly provides variable speed operation and continuous rotation with programmable Auto-Scan, Home, and Stow features all controlled from a central controller over a single cable, ideally suitable for mast applications.

Applications – Fire and Emergency Services, Police, Homeland Security, Border Patrol, Emergency Management Teams, Urban Search and Rescue, Hazardous Materials (HAZMAT) Teams, Hazardous Device Teams

Optional Remote Link – Control and Monitor the camera system from a safe distance with available wireless remote link.
